We can tailor our program to fit your needs!

How does this work?

The Write Stuff
uses your
teachers'
supply lists to
create
custom kits
for students.

Our staff is here to make sure that your supply kit program is easy and stress-free. Please let us know how we can help you!

- Send us a list of supplies needed – last year's list is a good place to start
- Decide what type of sale you would like to have (refer to the next page for options offered)
- This program can be a service or a fundraiser
- Start advertising to your families (Posters, newsletter inserts, PDF order form, display sample kit – available from TWS)
- Use our online Coordinator access to monitor your sale. We recommend a sale period of 3-4 weeks
- Place your order (Don't forget to take advantage of our generous discounts)
- Decide on a delivery date (Recommended one week before you plan to distribute the kits)
- Check in your order – confirm all the kits are accounted for at time of delivery

Customer Reviews

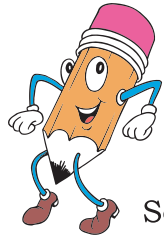

- The Write Stuff made the process of gathering school supplies very easy for those families that took advantage of the sale. The kits came and were packaged perfectly which made distribution easy. Thanks for being so easy to work with while ordering the supplies.
- Thank you Write Stuff! We did not have 1 complaint on the school supplies ordered because they were packed perfectly. We only had positive feedback from parents.
- Our parents love the convenience of having their child's supplies all packaged and ready to go for the start of a new year! Ordering is fast and easy!
- The best part about ordering school supply kits through The Write Stuff is that the teachers get exactly what they ask for and the process is so easy on the parent. As the coordinator, I found the staff to be incredibly helpful and kind (even when I made mistakes).
- I had such a great time and an enjoyable experience working with you. The Write-Stuff met all my needs, even in our short time frame. The personal touch and care you gave me was second to none and I can't wait to do this again and am adding the program to my older child's school as well. Thank you for all your help, great Job!
