

Dry Erase Picture Frame

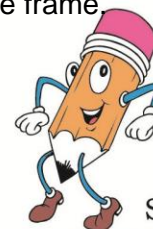

Supplies

- 1 table top picture frame (we used 8x10)
- scrap book paper
- black dry erase marker
- Velcro dot

Again.. an easy gift to make! Open the back of the frame. Remove cardboard insert. Choose a single sheet of scrapbook paper, or layer a few to make it more decorative. Adhere to back to cardboard insert. Adhere Velcro piece to the dry erase maker and the other side to the frame. Either the top or side works best. Write right on the front of the frame. No need even to wrap!
