

# Hiliter Flowers

## Supplies

cute container (not too big)  
floral foam or Styrofoam  
6 markers, hiliter, dry eraser markers, etc.  
scrapbook paper, different styles  
Easter grass  
Hole punch  
drinking glass

Put the flora foam or Styrofoam in the container. Make sure it sits an inch or two down from the lip of the container. Press markers into it firmly.

For the paper flowers: we traced a glass, about 3" diameter for base, on several styles of scrapbook paper. We cut 12 circles total. Then we took 6 of the circle and cut then 5 petal flowers out of the same size circle. Glue 6 flowers to 6 circles(coordiante colors)

Take a hole punch and start with a single hole ,depending on the size marker you used.

Then slide your flowers on the markers. We put a little glue on the flower inner circle to keep it on the marker.

Add your Easter grass to hide the foam.

We embellished our container with some ribbon scraps.
