

school-pak^{inc}
School supplies. Delivered.

Dear Coordinator

We have been blessed the past 28 years since Terri founded School-Pak.

Our 28 year old “baby” is now ready to leave us as we send our kit business to The Write Stuff.

We have a wealth of stories we could share about our customer parents, teachers, principals and, especially, the wonderful coordinators who’ve taken the time out of their busy schedules to help us provide supply kits over the years. We’re so thankful for their help. The relationships we’ve enjoyed will remain with us forever.

We searched and interviewed over 9 different companies involved in the pre-packaged school supply world and found that The Write Stuff most mirrored our core beliefs, quality and service. It also is a woman owned business, steered by Jennifer Thompson, a former teacher, principal, PTO mom and mother of four. Entering into their 19th year, they’ve demonstrated the same care and concern for their parents as we have.

Located in Illinois, The Write Stuff has been a leader in revamping the industry, offering both home and school delivery, the ability for parents to customize their kits, on-time delivery, providing you with an online site to track orders and more. We feel that you will be as impressed as we are with Jennifer and her team, which includes Michele Dannewitz.

Michele, also a mom, has been friends with Jennifer since their oldest children went to kindergarten, both serving as Girl Scout leaders, eventually volunteering at their churches and schools.

Michele will be reaching out to you soon to share The Write Stuff programs with you. You can always reach her at 800-871-8546 or mld@write-stuff.com for any information or questions you may have.

It’s been a pleasure working with all our schools over the years and we feel you will find that Jennifer and Michele, two good friends for years, will soon become two of your friends.

We’re looking forward to calling and thanking you personally for all your help.

Terri & Gene Schulist
